Professional Summary

I am a results-driven frontend developer with one year of commercial experience. I create responsive, high-performance web pages from scratch using HTML, CSS, JavaScript, Yii2, Bootstrap, and React. I enjoy working as part of a team but am equally capable of delivering results independently. I firmly believe that no task is impossible — anything can be accomplished with logic, creativity, and the wealth of resources available on the Internet.

Education

V.N. Karazin Kharkiv National University - Kharkiv, Ukraine

Computer Science, Cybersecurity | June 2023

Study Abroad: Computer Science - University of Łódź, Łódź Poland

Skills

- HTML, CSS, SASS, semantic markup
- JavaScript
- Bootstrap, Chakra UI
- React, react-router-dom
- Basic PHP, Yii2
- Database Systems (DBMS)
- Figma
- Java, a little bit of Python
- Git, GitHub, Jira
- Understanding of OOP

Soft skills

- Problem-solving (I believe that any problem can be solved with logic, creativity, and the wealth of resources available on the Internet);
- Self-organization (my biggest strength is my ability to organize all aspects of my life effectively);
- Punctuality and time-management (I consistently meet deadlines and ensure tasks are completed on time);
- Teamwork and collaboration (I thrive as a team player but can also deliver excellent results independently);
- Continuous learning (I believe lifelong learning is essential for success. I've completed numerous courses and never miss an opportunity to gain new knowledge).

Experience

Front-End Developer | Vescom Sp. z o.o. sp.k. | 6/2022 To 6/2023

- Collaborated on projects involving Yii2 and Angular frameworks.
- Revitalized legacy projects through integration of modern technologies.
- Transformed designs into responsive layouts for optimal user experience.
- Enhanced existing functionalities to achieve higher performance standards.
- Developed a modular, multiple-page website in Angular that incorporated responsive design principles

Languages

Ukrainian: native

English: B2+ (I can pass an interview in English; my reading and writing are much better than speaking)

Polish: B1 (I can speak on simple topics; understand everything, especially when spoken slowly; can read texts of almost any complexity level)

Certifications
