Professional Summary

I am a results-driven frontend developer with one year of commercial experience. I create websites from scratch using HTML, CSS (SASS), JS, Yii2, Bootstrap, Angular, and React. I enjoy working as part of a team but can also deliver individual results. I firmly believe that no task is impossible – everything could be accomplished with logic, creativity, and the resources available on the Internet.

Education

V.N. Karazin Kharkiv National University - Kharkiv, Ukraine

Computer Science, Cybersecurity | June 2023

Study Abroad: Computer Science - University of Łódź, Łódź Poland

Skills

- HTML, CSS, SASS
- JavaSctipt
- Bootstrap, Chakra UI
- React
- Basic PHP, Yii2
- Database Systems (SQL)
- Figma
- Java
- Git, GitHub

Soft skills

- Problem-solving (I believe that everything could be solved with logic, creativity, and the resources available on the Internet);
- Self-organization (this is my biggest strength: I mastered in organizing all aspects of my life);
- Punctuality and tome-management (I always meet the deadlines and do everything on time);
- Teamwork and collaboration (I am a team player, however, I can also deliver results independently);
- Continuous learning (I believe that for success in life it is necessary to learn something new all the life; I've already taken a lot of courses and I don't miss an opportunity to learn something new).

Experience

Front-End Developer | Vescom Sp. z o.o. sp.k. | 6/2022 To 6/2023

- Collaborated on projects involving Yii2 and Angular frameworks.
- Revitalized legacy projects through integration of modern technologies.
- Transformed designs into responsive layouts for optimal user experience.
- Enhanced existing functionalities to achieve higher performance standards.
- Developed a modular, multiple-page website in Angular that incorporated responsive design principles

Languages

Ukrainian: native

English: B2+ (I can pass an interview in English; my reading and writing are much better than speaking)

Polish: A2+ (I can speak on simple topics; understand everything, especially when spoken slowly; can read texts of almost any complexity level)

German: A2/B1 (can speak on simple topics)

Certifications

Version Control - Coursera WK3QUGHTH7NV

HTML and CSS in depth - Coursera 984KZ2A453K2

Programming with JavaScript - Coursera 86MGHA59NR6S

React Basics - Coursera DNBSKU4NNRY6

Advanced React - Coursera 8DZ6T2RS2HPN
